IGNITE THE LEADER WITHIN: 9-MONTH FELLOWSHIP FOR WOMEN CHANGEMAKERS

Welcome to Moje Kasheer Sistership!

Embark on a transformative 9-month comprehensive fellowship designed to empower and nurture women leaders in India working towards the regeneration of Kashmir

Join a community of motivated women, spanning across generations and build the skills to scale to fast-track your leadership journey

OUR VISION & MISSION

We envision an India where women across generations stand empowered as leaders, driving social and economic change through innovation and leadership. An India where the wisdom of grandmothers, the passion of mothers, and the dreams of daughters co-create a vibrant future filled with opportunity and shared prosperity.

Through the Moje Kasheer Sistership Program, our mission is to spark leadership within women of all ages, catalyzing the regeneration of Kashmir. Our transformative 9-month fellowship equips potential changemakers with the essential tools, networks, coaching, and mentorship needed to achieve their leadership aspirations. Through this comprehensive program, we empower participants to not only achieve personal growth but also to make a profound impact, transforming the trajectories of their organizations, communities, and cities.

OUR TEAM

The Moje Kasheer Sistership Program is driven by a dedicated team of passionate professionals, deeply committed to women's empowerment and the potential of India.

Each member brings a unique blend of expertise and experience, from leadership development and business training to social entrepreneurship and community engagement.

OUR CURRICULUM

**step in,
step up,
step out.**

OUR CURRICULUM

step in *to transform*

The Step In phase, designed for inner self-transformation is led by Nilima Bhat - Distinguished Professor in Gender and Conscious Leadership, Tecnológico de Monterrey, Mexico. Faculty of Excellence with School of Business and School of Humanities & Education.

The Step In curriculum includes an immersion into the five elements of Shakti Leadership and the four tenets of Conscious Capitalism (Higher Purpose, Conscious Leadership, Conscious Culture, Stakeholder Integration).

OUR CURRICULUM

step up *to lead*

The Step Up phase focuses on integrating Conscious Leadership practices through tools and techniques. This empowers you to be inclusive, inspiring, and impactful every day, in each leadership moment you face.

The core faculty of Arun, Bharat, and Savita Wakhlu from the Foundation for Peace and Compassionate Leadership will equip you with skills for consciously asserting yourself, negotiating effectively, giving constructive feedback, and managing potential conflicts.

Over the nine months, they will also personally coach you through your real-life leadership challenges, helping you grow and refine your leadership style.

OUR CURRICULUM

step out *to impact*

The Step Out phase will provide dedicated mentorship on core business modelling, fundraising skills, tools, and capabilities necessary to scale your organisation to the next level.

Renowned mentors will help you align your goals with regenerative principles. This ensures your impact not only reaches its intended communities but also contributes to environmental and social sustainability.

At the program's conclusion, you'll have an opportunity to make a professional presentation to the full group. This serves as a catalyst to connect with your potential partners, investors, and collaborators.
